MOTION FOR PROTECTIVE ORDER

Comes now, Global Tel*Link Corporation ("Applicant" or "Global Tel*Link") hereby files this Motion for Protective Order prohibiting any disclosure to the general public of any portion of the documents known as Global Tel*Link Corporation's Financial Information, labeled Confidential-Proprietary. Global Tel*Link requests that the Protective Order specifically state that these documents be disclosed only to Staff members directly involved in this case, and that any pleadings or other filings that incorporate, reference or attach the document or any portion thereof be submitted under Seal.

As grounds for this motion, Global Tel*Link states that its Financial Information contain information which is required to be submitted to the Commission as part of Global Tel*Link's Application for Certificate of Prepaid Calling Service Authority, however, Global Tel*Link's financial information is maintained as highly confidential and proprietary.

Public disclosure of this information would materially damage Global Tel*Link's competitive and financial positions. Further, the public interest would be impaired by public disclosure of the information contained in Global Tel*Link's Financial Information, in that any compromise of Global Tel*Link's competitive or financial positions, vis-a-vis its competitors, would ultimately work to the detriment of the consuming public.

For the foregoing reasons, Global Tel*Link Corporation requests the entry of a Protective Order containing the terms and conditions set forth above, relative to its Financial Information, and for all other appropriate relief.

Respectfully submitted,
